## Koshland Pharm “Mini-Chew”

### Introducing the “Mini-Chew” for Cats and Small Animals

Do you have trouble getting cats and other small animals to take their medications because capsules or chews are too large? Koshland Pharm has a solution – the “Mini-Chew.”

Any drug can be incorporated into this treat, at the exact right dose (up to 25mg) and with the particular flavor that suits your small animal's fancy.

Actual size is comparable to a pencil eraser!

### Custom flavors include:

- Tuna
- Fish
- Shrimp
- Bacon
- Beef
- Chicken
- Liver
- Other protein-free options available
